P. Johnson,

Social Secretary:

J. Jewison,

Distributor:

B. Sherburn,

Dear Members,

Club night, 5th October was a picture quiz organised by Keith and Pauline Fawcett. There was a good turn out of members to a very good quiz, with our Chairman R. Read (of course) taking the first prize. Anyway, our thanks to Keith and Pauline for a well-organised quiz.

Club night, 19th October, was a poor turn out of club members, which was unusual for a night of slides. There seemed to be a great lack of the femal side of the Club. Slides of Keith and Martin's Italian trip were shown and also Paul Banks slides of Railtons.

Dinner and Dance tickets are now on sale, so don't forget to get them as this is usually a very good night. The Club's Annual Trophies will be presented and also this will be the first point towards the 1971 Diane Trophy.

Alas, there will be no "Chairman's Chat" this month, as Ray has had to put in a great deal of work at the Young Conservatives spreading the gospel of the T.C.C., and old cars etc. This unfortunately has left him rather short of time, but he assures me that he will be back in full force in next month's edition.

Just a mention that Gilly is now well on the way to finishing his Singer Roadster. He now has it running and I think he is finishing off the paintwork, as last time I saw him his hands were covered in red paint.

TRADSHEET JOKE.

Three ladies were comparing their husband's as lovers. The first one said "My husband is like a Rolls Royce Silver Ghost, he is so polished and smooth." The second one said her husband was like a Mark V Jaguar, so big and quick off the mark. The last one said her husband resembled a Model T Ford because she had to start him by hand!

"VINTAGE CAR RALLY, OPEN DAY AND FAIR" AT R.A.F. TOPCLIFFE
(Near Thirsk), Saturday, October 3rd, 1970.

Just when everyone thought we had seen the last of 1970's rallies this one turned up! The day was pleasant although a brisk wind made anoraks the order of the day.

32 vehicles turned up, ranging from Vintage to 1950-odd! Members cars attending were:-

Eddie Foster's 1934 Austin 7 Saloon.

John Jewison's 1937 Austin 12 Saloon.

Ken Nicholls' 1937 Morris 8 Tourer.

Barric Saxton's 1946 Wolseley 12 Saloon.

/Continued....

Some interesting vehicles were worthy of note, such as a York registered Hotchkiss, a vintage Fr.azer Nash, a late 20's Austin Sports/Racing car and a very large Albion Estate car. Peter Black turned up in his well known Rolls Royce and Tony Felton in a war-time Austin Fire Tender.

Although the Open Day was not in the Finningley class, we were treated to various types of aeroplanes flying past and some excellent radio controlled model 'planes doing aerobatics - one even contrived to crash. Also included was a fire-fighting display, Kart racing and various static displays of aircraft and components. In the hangars were various stalls and an R.A.F. band.

It was a very worthwhile day and as it is an annual event we could well support it better next year.

J.E.J.

TRADCAR BOOK REVIEW NO.13.

"THE WORLD'S MOTOR MUSEUMS." T.R.Nicholson. (Dent) £3.

In this book the author attempts to catalogue all the motor museums in the world. 26 countries are covered and each museum listed has a brief resume of its contents and the opening times. Included are three short items by the Curators of the Daimler-Benz and Turin museums and of Hurrah's collection in Reno, on methods of restoration.

Reading about museums is not the same as visiting them, but if you don't have the price of the air-fare round the world this will have to do as a substitute.

J.E.J.

NEWS OF OTHER CLUBS.

At a recent meeting of the Yorkshire section of the North East Club for Pre-War Austins, it was decided to move their meeting place from the Dawnay Arms to the more suitable, and central, Gimcrack Hotel at Fulford, York. Members who visited the Morris Register last winter will remember that the Gimcrack has a good car park and private room facilities - the beer's not bad either!

Strangely enough, we hear on the grapevine that the Morris Register are considering moving from the Gimcrack. Let's hope they move nearer Doncaster, and not further away.

The Pre-49 club have already fixed the date of their "Early Spring Rally" at Bradford as Sunday, May 9th. Let's hope the weather treats them better this year.
